GENERAL MANAGER REPORT

Currens let the board know that the engine work is complete and things have been working well since completion.

Currens informed the board that 2 new guys had been hired to fill the open positions here at TMU. Justin Wrage was hired to fill the operator position and Brent Billerbeck for the internet technician position. Both hires are local guys who Currens is looking forward to having as employees. Both will start work next week.

We've had a lot of internet issues and outages lately. Luckily TMU has teamed up with an internet contractor to help get the issues resolved and hopefully will help us to start making appropriate upgrades to our system. Currens plans to work with him to get an idea of what the upgrades will take and cost.

Being no further business the meeting was adjourned.
